

Literally **#EverybodyBenefits** from the work of a charity. There are tens of thousands of charities in this picture, how many can you find?

How to play:

- 1) Look carefully at everything going on in this picture. What can you see that is happening because of a charity?
- 2) When you find something, stick a small piece of paper over it and write the names of the charities involved.
- 3) When you can't think of any more: count them up, take a picture, tweet us with your total @DSC_Charity #EverybodyBenefits

Hint: charities are seen and unseen! Did you spot the National Trust? Where's your charity?
